SOUTHEAST GREENWAY TRAIL CONNECTOR

Connecting Sun Valley Greenway to HR Ranch Road Greenway by crossing the Union Pacific Railroad Tracks and Campstool Road
Connecting the Greenway and crossing the railroad
How did we get to where we are today?

Step 1:
How do we get across the railroad tracks?
Explored both overpass and underpass options
**Option B**

Bridge to Intersection

- Directs greenway users toward an existing signalized intersection for a safer roadway crossing.
- Requires a steel ramp on both the north and south sides of the railroad.
- Existing terrain requires taller bridge supports.
Preferred Crossing - Option A
Preferred Crossing - Option A

Example: Converse Avenue Bridge

8’ tall

10’ wide
The Greenway will run parallel to College Drive, but will be separated both horizontally and vertically from vehicles.
Preferred Crossing - Option A
