

## **Addendum: Walterscheid Blvd Reconstruction Plan RFP**

**December 4, 2020**

1. Can the consultant use the Unified Development Code's minimum required composite section depths for a minor arterial?

**The Cheyenne MPO encourages consultants to utilize the Unified Development Code's minimum requirement concerning composite section depths for all functionally classified roadways in the network.**

2. May the consultant include an 11x17 schedule graphic if needed in the proposal?

**The consultant may include 11x17 pages in the proposal for graphics where readability might otherwise be difficult on an 8.5x11 sheet.**

3. It is understood that external covers are not counted towards the page limit. Is the letter of interest included in the page limit?

**The letter of interest is included in the page limit.**
