Mr. Luke Reiner, Director
Wyoming Department of Transportation
5300 Bishop Boulevard
Cheyenne, WY 82009

Subject: Wyoming FY 2023-2026 Statewide Transportation Improvement Program

Dear Mr. Reiner:

The Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) have jointly reviewed the FY 2023-2026 Wyoming Department of Transportation (WYDOT) Statewide Transportation Improvement Program (STIP) and the Transportation Improvement Programs (TIPs) developed by the Casper Area and Cheyenne Metropolitan Planning Organizations (MPOs). These documents, as well as the STIP Checklist and Governor Mark Gordon's letter approving the Casper Area and Cheyenne MPO TIPs, were received in addition to the STIP. The WYDOT STIP was approved by the Wyoming Transportation Commission at its September 15, 2022 meeting.

Accordingly, FHWA and FTA, based on the review of the WYDOT and MPO self-certifications and our involvement in the State and MPO transportation planning processes, hereby find that the FY 2023-2026 WYDOT STIP is based on a transportation planning process that substantially meets the requirements of 23 U.S.C. Sections 134 and 135 and 49 U.S.C. Sections 5303-5305. The FY 2023-2026 STIP is therefore approved. The attached document provides more detail concerning the Federal Planning Finding.

Approval of the WYDOT STIP is not a Federal aid eligibility determination, nor does it constitute an obligation of Federal funds. Each project must satisfy the specific requirements of the program from which Federal funds are to be derived, as well as other appropriate Federal requirements, before the use of those Federal funds can be authorized. Additionally, the approval of the WYDOT STIP will expire on September 30, 2026.

Upon receipt of this approval letter, we request that you inform both the Casper Area and Cheyenne MPOs, other affected jurisdictions, the Federal land agencies, and Tribal governments that the WYDOT STIP has been approved.

Furthermore, an amendment to the WYDOT STIP and MPO TIPs is not required for moving projects within the 2023 to 2026 timeframe, assuming MPO and WYDOT procedures for revisions and project selection criteria are satisfied. Amendments other than the movement of projects between the years cited above are to be sent to the appropriate agency (FTA or FHWA) for approval. Amendments involving transfer of funds from FTA or FHWA must be jointly approved by each of the respective agencies.

We appreciate the efforts and cooperation of your staff in developing the STIP. If you have any questions concerning this joint approval action, please contact Kristin Kenyon of FTA at (303) 362-2391 or Richard Duran of FHWA at (307) 771-2941.
