AGENDA

1. Call to Order
2. [Safe Routes to School](#)
3. [West Crow Creek Greenway –](#)

Part of this project is heavily dependent on the BRIC project at 19th & Missile. This project has begun but the Greenway project is about 5 months behind the original schedule. There is good coordination between the two projects at this time.

There are several alternatives, and we received public feedback with safety, flooding, and transients being the most frequent topics of concern. From an engineering perspective, Aryes has started leaning in the direction of at-grade crossings, with the intention of adding grade-separated crossings when the existing bridges are rehabbed or reconstructed in the future.

Scheduled pause (some design underway)	May – December '24 (30% BRIC plans due December '24)
Greenway Design and Plans Production	August - Feb 2025
Draft Report	Feb 2025

4. Laramie County Road Impact Fee – Information Attached
5. [East Allison Road Corridor \(on HOLD\) –](#)

East Allison Corridor was started in-house. The MPO had some changes occur and this project was put on hold until an RFP is developed and a consulting firm can review, make corrections and make the necessary presentations to completion.

6. Travel Demand Model Update –

A professional service agreement has been developed and reviewed by WYDOT, the City Attorney and Kimley Horn to move forward for Approval at the Policy Committee, signatures and send Notice to Proceed.

7. CONNECT2050 – Long Range Transportation Plan Update –

A Letter of Interest was sent out and the MPO received four consulting firms interested in providing services to update the Long Range Transportation Plan from the Connect2045. A selection team reviewed and scored each firm and concluded that CF is the top consultant to complete the update.

8. [Passenger Rail Site Selection](#)
